Learning Without Boundaries

「国境を越えた学び」

Learning Lab Kobe, or “The Lab,” was founded in 2017 as a learning center for children from international families and communities by a U.S. certified classroom teacher and literacy specialist.

Our mission is to provide an inclusive environment that nurtures the unique, diverse needs of children who learn and think in English.

Our progressive teaching philosophy centers on building personalized programs and lasting support systems that encourage children to develop independence, empathy and responsibility from kindergarten to the end of high school.
